

THE NEXT CHAPTER FOR THE INTERNET

The **Metaverse** may be worth **\$800 billion** by **2024**

What is Metaverse?

A shared virtual space with immersive digital experiences.

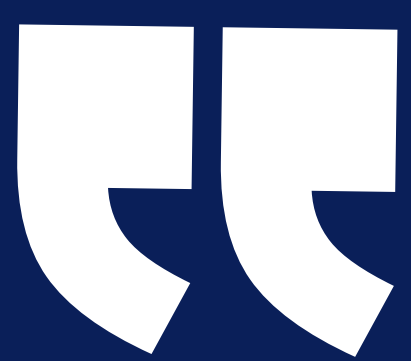

How to access the Metaverse?

Devices such as an Oculus VR is a portal for entry into the Metaverse.

Benefits of Metaverse?

- ▶ Job opportunities
- ▶ Reduced carbon footprint due to virtual work environment
- ▶ Enhanced virtual experiences & a lot more!

In the next five or ten years, a lot of this is going to be mainstream, and a lot of us will be creating and inhabiting worlds that are just as detailed and convincing as this one on a daily basis.

Mark Zuckerberg, CEO, Meta
